Description of Services

A. Dashen & Associates is an independent firm providing financial services to the port industry in the Pacific Northwest. The firm provides financial advisory services for the issuance of bonds and notes. The firm also provides assistance in project development, analysis and financing and in the investment of funds. Services often include the evaluation of project feasibility and the impact of financing on the financial health of a port.

A. Dashen & Associates has provided these and similar services for many ports in Washington State.

History/Years in Business

A. Dashen & Associates was formed in 1996.

Geographic Area Served

Pacific Northwest and Alaska
