## Recreational Boating Facilities in Washington State

Washington state's publicly owned local port districts are increasing your access to marine and fresh-water boating areas.

Right now, many port commissions are working to meet a growing demand for more public moorage sites by building new recreational marinas and fishboat havens and expanding existing ones.

The marinas listed here account for about 40 percent of the state's public moorage slips.

We hope this brochure helps you enjoy your visits through Washington's public port marinas.

# Puget Sound Marinas
