## RECREATIONAL BOATING FACILITIES GUIDE

### PUGET SOUND MARINAS

Washington state's publicly-owned local port districts increase your access to marine and fresh water boating areas.

Port commissions throughout the state work to meet the growing demand for more public moorage sites by building new recreational marinas and fishboat havens, while also expanding and maintaining existing destinations.

The marinas listed here account for nearly 40 percent of the state's public moorage slips.

We hope this information is of assistance when visiting Washington's 55 public port marinas.
