

## EMPLOYMENT OPPORTUNITY

The Port of Longview is seeking a **Director of Project Delivery** to join our team!

**Position Overview:** The primary duty of the Director of Project Delivery is to lead the delivery of the Port's multi-year capital program, including the current major capital development project. This role is accountable for establishing and operating a disciplined program delivery system—integrated scheduling, risk management (risk register/matrix), change control, and construction/operations interface planning—so the Port can execute major construction while maintaining safe, reliable terminal operations. This position works in close partnership with all Port departments including but not limited to Facilities & Engineering, Planning & Environmental, Marine Terminals Business Development, and Procurement). This position also coordinates with departments to ensure personnel and financial resources are planned, scheduled, and utilized effectively across operations and active projects.

### Minimum Qualifications:

- Bachelor's degree in engineering, construction management, planning, business, public administration, or related field (or equivalent experience).
- A minimum of eight (8) years of progressively responsible experience in positions involving project management, engineering design, estimating, and construction management, including extensive experience in the supervision of staff in a division, unit, or department.
- Certified Project Management Professional (PMP) preferred.
- An equivalent combination of education and experience will be considered.

**Salary Range:** \$153,378 - \$245,405

*Beginning salary will be dependent upon qualifications and experience. New hires typically start between 85-90% of the midpoint. Midpoint for this position is \$199,391.*
