

EMPLOYMENT OPPORTUNITY

The Port of Longview is seeking a **Project Engineer** to join our team!

Position Overview: The Project Engineer is responsible for developing and leading a project from initial concept, through the design process to implementation, with specific emphasis on the engineering design, analysis and management of the Port's maintenance and capital improvement projects. This also includes providing in-house engineering services to the Planning and Environmental, Business Development and Marine Terminals departments.

Minimum Qualifications:

- * Bachelor's degree in engineering from an accredited college or university.
- * 7+ years of experience in engineering, construction or project management, or related fields.
- * Construction experience is required; rail experience is preferred.
- * Professional Engineering license is required or must be acquired within one year of employment.

Salary Range: \$100,524 - \$150,786

Beginning salary will be dependent upon qualifications and experience. New hires typically start between 85-90% of the midpoint. Midpoint for this position is \$125,655.
